

Cannot start/run Practical Systems program.

If your program won't open it could be because you are using a computer with a Windows 7 or Windows Vista operating system.

Windows 7

- 1) Right click on the program icon
- 2) Left click on Properties
- 3) Left click on Advanced (ensure you are on the Shortcut tab)
- 4) Tick the Run as administrator check box.
- 5) Click OK
- 6) Click Apply
- 7) Click OK
- 8) Restart your computer

Windows Vista

- 1) Go to Control Panel (found in your Start menu)
- 2) Choose Control Panel Home (on the left side of the screen)
- 3) Click on User Accounts
- 4) Select Turn User Account Control on/off to **off** (ie UN-tick box if box has a tick in it)
- 5) Click OK to restart your computer.
